

Guest Card

The Apartment People, Inc is a FREE Service to you because the apartment community you choose will pay us a commission from their advertising budget! Please write **The Apartment People** and **your agent's name** on your **guest card** and your **rental application** so that we are compensated for our free service. For your convenience, we are providing a preprinted Guest Card for you to use on your initial visit of the properties. Complete this form online, make copies and present this card to each leasing consultant so that they may transpose the information to their community's card after you leave. This will not only save you and the consultant time, but will make for a much more pleasant experience while you are taking your tours.
